

Bachelor Thesis

TEM at Martenhofer lake (filler title)

Peter Balogh

e12202337@student.tuwien.ac.at

Matr.Nr. 12202337

Date: February 3, 2025

Supervisor: Associate Prof. Dr.rer.nat. Adrian Flores-Orozco

Abstract

Abstract of the thesis

1 Introduction

Introduction including the motivation for the work, the objective and research questions to be answered.

2 Materials and Methods

2.0.1 State of the Art

State of the Art.

3 Results

4 Conclusion

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Data availability

All data and Python routines associated with this study are available open-source to facilitate full reproducibility of the results on github (<https://github.com/pb-tuwien/Geophysics.git>).
